## WORLD TOUR MANILA 2018

### 62ND PSO-HNS ANNUAL CONVENTION

### **P7.3 Soft Tissue Filler Augmentation**

**Joseph Amado C. Galvez**

**Ospital ng Maynila Medical Center | Philippines**

#### **Soft Tissue Augmentation with Fillers**

Facial rejuvenation using minimally invasive techniques has gained popularity over the last few years. This paradigm shift from the conventional radical procedures to facial enhancement using hyaluronic acid injectable products is due to the fact that this technique leads to minimal to no down time, longevity of the product, reproducibility and results are at par, if not, superior to surgery. The HA portfolio allows the injector to choose the most ample product for filling defects and/or lifting soft tissues to improve a wide array of aesthetic displeasures.
