## WORLD TOUR MANILA 2018

### 62ND PSO-HNS ANNUAL CONVENTION

**CE5:2**

### **Videostroboscopy**

**Fortuna Corazon A. Aberin-Roldan**

**The Medical City | Philippines**

The talk will tackle principles and protocols in Videolaryngoscopy. The use of Voice Vibratory Assessment with Laryngeal Imaging (VALI) for the scoring of the stroboscopy parameters (amplitude, mucosal wave, symmetry, periodicity, glottic closure patterns, non-vibrating portions) will be discussed as this will minimize inter rater variability for each exam.
